Unwind/Rewind Stands

The **SRS** provides Unwind/Rewind guiding capabilities up to 2,000 lbs. (909 Kg). It is powered by a standard 6" diameter air cylinder and generally come with a 4" or 6" stroke. Unwind/Rewind Stands come pre-piped, mounted on custom stands equipped with dual raceway assemblies with 1" race rods. A shifting idler roller is standard with all Unwind Stands to insure a proper web plane is maintained through the sensor, as well as, a standard shifting sensor for all Rewind (chasing) Stands.

Note: Brakes, air shafts and tension controls are available upon request and are subject to Customer's specification.
